

WASHOE PARENT COALITION

The Washoe Parent Coalition was founded by a group of parents from the Reno-Sparks area who share concerns about the impact of more tech and less play on children. Our goal is to move from concern into action as we seek to improve and protect the mental, physical and academic development of our children through a combination of state laws, local policy reform and parent-powered collective action.

What We Do

We need strength in numbers to:

- Pass our **bipartisan Say YES to RECESS bill** in Feb. to expand + protect K-5 recess time
- Block the Feb. renewal of \$2M i-Ready screen-and-headphone lessons for WCSD K-8 kids
- Reallocate i-Ready money to put an art or PE teacher in all 66 WCSD elementary schools
- All of the above: Reduce our 30% chronic absenteeism rate!

Subscribe to our email list. It's how we count our members!

Open to anyone concerned about
youth mental, physical and
academic development.
STEP UP FOR OUR CHILDREN!
